

# Domiciliary Equipment Service

[Home](#)[Funding Programs](#)[Selecting Assistive Technology](#)[Ordering and Managing Assistive Technology](#)

Domiciliary Equipment Service (DES) provides equipment and home modification services assisting people to be independent at home and in the community.

DES provides equipment to:

- › clients of the DCSI Equipment Program (includes Disability and Domiciliary Care Services, Novita Children's Services and Minda Inc)
- › participants of the National Disability Insurance Scheme
- › patients of hospitals
- › clients of non-government organisations
